Cellaring potential 10 + years. Be patient, this wine will benefit from further aging.

Cellaring potential 5 + years. Still evolving, but will drink very well.

At peak. Think about drinking now and over next few years.

Drink now.

Please note this cellaring chart is a guide only. The variability of cellaring conditions, along with personal taste, mean that Elderton cannot guarantee a wine is at its peak. We recommend storing wine in a dark environment with a cool, stable temperature.
